Passionate and skilled Front-End Developer with extensive experience in HTML, CSS, JavaScript, React.js, Next.js, and Tailwind. Adept at creating visually appealing, responsive, and user-friendly web applications. Known for delivering high-quality work and solving complex problems efficiently. Additionally, a pilot student at Parsis Aviation, embodying discipline, punctuality, and adherence to protocols. Seeking to leverage my technical skills and creativity in a challenging role.

Skills

- **HTML/CSS:** Advanced knowledge in creating semantic and responsive designs.
- **JavaScript:** Proficient in ES6+, AJAX, and DOM manipulation.
- **React.js:** Skilled in building dynamic and interactive user interfaces.
- **Next.js:** Expertise in server-side rendering and static site generation.
- **Tailwind CSS:** Strong experience in utility-first CSS framework.
- **Version Control:** Proficient in Git and GitHub for version control and collaboration.
- **Additional Skills:** Agile methodologies, cross-browser

compatibility, web performance optimization.

Achievements

- Launched 3 successful websites for clients, generating over \$10k in revenue in my first year as a freelance developer.
- Earned pilot license ATPL at age 21 after 146 hours of flight training.

Summary

Dedicated and passionate front-end web developer with 3 years of experience building responsive websites using modern frameworks. A keen problem-solver who pays close attention to details and produces clean and optimized code. An avid learner who enjoys exploring new technologies to further develop my skill set.
